NORTHEAST REGIONAL CONSERVATION NEED GRANT QUARTERLY REPORT

Grant Number: 2007-06

Grant Title: An interactive, GIS-based application to estimate continuous, unimpacted daily streamflow at ungaged locations in the Connecticut River Basin

Grant Receipt: U.S. Geological Survey

Grant Contact Name: Stacey A. Archfield

Report #- 8

Were planned goals/objectives achieved last quarter? Yes.

Regional Conservation Need Addressed: Priority RCN Topic 3: Development of Instream Flow Standards, Guidelines, and Policies

Progress Achieved: (For each Goal/Objective, list Planned and Actual Accomplishments)
Project Objectives: Develop an interactive point-and-click GIS application to estimate continuous, daily unimpacted streamflow at any ungaged location in the Connecticut River basin.

Planned Accomplishments	Actual Accomplishments
-> Continue to develop multi-state tool to compute daily streamflow -> Begin draft report	-> Continued to develop multi-state tool to compute daily streamflow -> Began draft report

Difficulties Encountered: None.

Activities Anticipated Next Quarter:

- Continue to develop multi-state tool to compute daily streamflow
- Complete draft report and submit report for review

Costs:

Are you within the approved budget plan? Yes.
Are you within approved budget categories? Yes.
